

Northamptonshire Advance Care Planning booklet and training

‘No decision about me, without me’ (Department of Health 2010)

In January 2016 Version 2 of the **Advance Care Planning Booklet** was launched across Northamptonshire giving people the opportunity to plan for their future care. Planning in advance can help guide others to make the best decisions about a person’s care, once that person can no longer speak or decide for themselves.

Training

As Advance Care Planning use increases it is imperative that we have the knowledge and skills to facilitate an individual’s end of life wishes, therefore we are pleased to offer ACP Awareness Training.
