

End of Life Care: Practical Skills & Knowledge Workshop for Novice Carers

This introductory workshop is aimed at novice carers wishing to develop skills & knowledge of caring for an individual towards the end of their life. The workshop will focus particularly on the practical elements of this care and the theory to support this.

Date:
 Thursday 4th
 May
 2017

Venue:
 Cynthia
 Spencer
 Hospice,
 Kettering Road,
 Northampton.
 NN3 6NP

Time:
 9.30 a.m. –
 1.00 p.m.

Learning outcomes:

- have an appreciation of the vital role of the carer in end of life care
- understand what is meant by the terms “end of life care” & “palliative care”
- have an awareness of the importance and the skills required in recognising when a person may be approaching the end of life
- have an awareness of advance care planning & one’s role within this
- explain the importance of dignity, privacy & compassion when caring for a dying person and demonstrate key skills required within compassionate communication
- have an understanding of ones role within symptom assessment & management towards the end of life
- demonstrate the practical elements in line with the 5 priorities for care of the dying person, understanding the theory behind this

This workshop may not be appropriate for those who have suffered a recent bereavement, to discuss this please contact the End of Life Care Practice Development team 01604 678153

If you have any additional learning needs please contact the team to discuss.

Cost: This workshop is free.

Please note there will be a charge of £60 for non-attendance if your reserved place is not cancelled within 72 hours of the course. Full details are on the booking form.
